

## **Delegate booklet**

**International AS/A Level 9700 Biology**

**Extension level (two day)**

## Aims and objectives

- Review the syllabus requirements
- Explore different teaching strategies
- Develop schemes of work
- Understand the assessment process
- Explore the use of assessment documents to inform teaching

## Agenda

### Day 1

| Session number | Timings        | Session title                           |
|----------------|----------------|---|
| 1              | 09.00 to 09.15 | Welcome and introduction                |
| 2              | 09.15 to 10.00 | Quiz and review of the syllabus         |
| 3              | 10.00 to 10.30 | Identifying underpinning knowledge      |
| Break          | 10.30 to 10.50 |   |
| 3 continued    | 10.50 to 12.30 | Initial assessment and closing the loop |
| Lunch          | 12.30 to 13.30 |   |
| 4              | 13.30 to 15.30 | Teaching approaches                     |
| Break          | 15.30 to 15.50 |   |
| 4 continued    | 15.50 to 16.50 | Appropriate challenge                   |
| Close          | 16.50 to 17.00 |   |

### Day 2

| Session number | Timings        | Session title                   |
|----------------|----------------|---------------------------------|
| 1              | 09.00 to 09.10 | Welcome back                    |
| 2              | 09.10 to 10.40 | Practical session               |
| Break          | 10.40 to 11.00 |                                 |
| 3              | 11.00 to 12.30 | The assessment                  |
| Lunch          | 12.30 to 13.30 |                                 |
| 4              | 13.30 to 14.10 | Using past assessment materials |
| 5              | 14.10 to 14.50 | Schemes of work                 |
| Break          | 14.50 to 15.10 |                                 |
| 6              | 15.10 to 15.50 | Planning lessons                |
| Close          | 15.50 to 16.00 |                                 |

**List of additional materials included in pack**

Syllabus extracts for 9700 Biology

Example of an initial assessment

Learner checklist for 9700 Biology

Teacher checklist for 9700 Biology

Summary of teaching approaches

Question papers for June for exam series 2015

Mark schemes for June for exam series 2015

Principal examiners report for June exam series 2015

Exemplar student responses

Lesson plan template

Example section of Scheme of Work

Scheme of Work template

You will be provided with other materials during the course of the training.
