Syllabus and assessment materials

The syllabus is well designed, interesting to teach, accessible to learners and has been updated for first teaching in 2018. It explains what your learners need to know, how they will be assessed, and the relationship between assessment objectives and the examination papers.

Use the specimen papers and mark schemes to familiarise yourself with the overall assessment approach.

As this is a new syllabus that we have developed for first examination from 2019, past papers are not yet available. However, to have a sense of the sort of questions to expect in syllabus 8021, you may refer to the past papers currently available for syllabuses 8001 and 8004 (General Paper). Please be aware that these have slightly different mark schemes but in terms of questions, you may find these useful.

Specimen Paper Answers

This booklet exemplifies high-standard examination responses for the new Cambridge International AS Level English General Paper syllabus and assessment structure. Use this resource to develop your learners' understanding of what is required to gain marks based on answers written in the style of an AS Level candidate. The Specimen Paper Answers will be available in April 2018.

Example Candidate Responses (ECR)

The ECR booklets provide illustrative examples of candidate work at different levels of performance. Each answer will be annotated with examiner comments on why an answer achieved the awarded mark and any mistakes the candidate has made. The examiner will explain how the candidate could have improved their answer, and lists common mistakes made in this question across all candidates who sat the exam. This resource will help you to explain and demonstrate the required examination standard to your learners. The ECR booklets will be made available after the first examination of the revised syllabus in 2019.
