Paper 3 Advanced Theory

May/June 2025

1 hour 45 minutes

You must answer on the question paper.

No additional materials are needed.

INSTRUCTIONS

- Answer **all** questions.
- Use a black or dark blue pen.
- Write your name, centre number and candidate number in the boxes at the top of the page.
- Write your answer to each question in the space provided.
- Do **not** use an erasable pen or correction fluid.
- Do **not** write on any bar codes.
- You may use an HB pencil for any diagrams, graphs or rough working.
- Calculators must **not** be used in this paper.

INFORMATION

- The total mark for this paper is 70.
- The number of marks for each question or part question is shown in brackets [].

This document has **12** pages.

1 3D printing is used to create objects.

(a) Describe the process of 3D printing an object.

[4]

(b) Describe how 3D printing is used to improve healthcare.

[4]

2 Two characteristics of a network are its topology and its architecture.

(a) Describe what is meant by network topology.

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

[3]

(b) Describe what is meant by network architecture.

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

[3]

3 The role of a wireless access point (WAP) is to enable wireless devices to make a secure connection to a wired network.

Describe how a WAP carries out this role.

[6]

4 The colour select tool in image-editing software is a selection tool that can be used to select, remove or hide parts of a bitmap image.

Analyse the use of **three** other selection tools that are provided by bitmap image-editing software.

[6]

5 Discuss the benefits and drawbacks of mobile networks.

[8]

6 Test plans are written early in the development cycle of new systems.

Describe the tasks that are carried out when creating a test plan.

[6]

7 Performance Evaluation and Review Technique (PERT) charts are used when planning a project. PERT charts can be drawn either as activity-on-node diagrams or as activity-on-arrow diagrams.

Compare, by commenting on the similarities and differences, activity-on-node and activity-on-arrow PERT diagrams.

[6]

8 Computer animation software can move and reshape objects.

(a) Describe how inbetweening (tweening) can be used to create the illusion of smooth movement of an object.

.....
.....
.....
.....
.....
.....

[2]

(b) Morphing can be used to smoothly change a shape into another shape.

Describe how animation software uses pixel mapping to morph one shape into another.

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

[4]

9 JavaScript statements can contain comparison operators such as `>` and `<`.

(a) Describe the purpose of comparison operators.

.....
.....
.....
.....
.....
.....

[2]

(b) Explain the differences in function between the `==` and `!=` comparison operators.

.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....
.....

[4]

10 Blockchain technology is used as a distributed ledger in cryptocurrencies.

(a) Describe what is meant by a distributed ledger.

.....
.....
.....
.....
.....
.....

[2]

(b) Describe **two** items of data that would be stored in a cryptocurrency's distributed ledger.

.....
.....
.....
.....
.....
.....
.....
.....

[2]

11 Discuss the use of data mining by banking organisations.

[8]

Permission to reproduce items where third-party owned material protected by copyright is included has been sought and cleared where possible. Every reasonable effort has been made by the publisher (UCLES) to trace copyright holders, but if any items requiring clearance have unwittingly been included, the publisher will be pleased to make amends at the earliest possible opportunity.

To avoid the issue of disclosure of answer-related information to candidates, all copyright acknowledgements are reproduced online in the Cambridge Assessment International Education Copyright Acknowledgements Booklet. This is produced for each series of examinations and is freely available to download at www.cambridgeinternational.org after the live examination series.

Cambridge Assessment International Education is part of Cambridge Assessment. Cambridge Assessment is the brand name of the University of Cambridge Local Examinations Syndicate (UCLES), which is a department of the University of Cambridge.
