MARK SCHEME

Maximum Mark: 100

Published

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the May/June 2019 series for most Cambridge IGCSE™, Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

GENERIC MARKING PRINCIPLE 1:

Marks must be awarded in line with:

     the specific content of the mark scheme or the generic level descriptors for the question
     the specific skills defined in the mark scheme or in the generic level descriptors for the question
     the standard of response required by a candidate as exemplified by the standardisation scripts.

GENERIC MARKING PRINCIPLE 2:

Marks awarded are always **whole marks** (not half marks, or other fractions).

GENERIC MARKING PRINCIPLE 3:

Marks must be awarded **positively**:

     marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
     marks are awarded when candidates clearly demonstrate what they know and can do
     marks are not deducted for errors
     marks are not deducted for omissions
     answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

GENERIC MARKING PRINCIPLE 4:

Rules must be applied consistently e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

GENERIC MARKING PRINCIPLE 5:

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

GENERIC MARKING PRINCIPLE 6:

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

	Section A		

Question 1
 	
Discuss the ways in which the extract from *The Handmaid's Tale* constructs meaning through the following:
 	
    camera shots, angles, movement and composition
    sound
    mise-en-scène
    editing.   (50)
 	
Candidates will be assessed on their ability to understand how meaning is constructed in a media text through the analysis of different technical areas.
 	
Marks are awarded for three different criteria:
 	
Explanation / argument / analysis   (max. 20)
Use of examples   (max. 20)
Terminology   (max. 10)
			Candidates' work should be judged on each of these criteria, and marks awarded according to the level attained. It should be noted that it is possible for a candidate to achieve a different level for each assessment criterion.
			
			A positive approach to marking is encouraged. Reward alternative valid responses.
			
			Clip details:
			
			The Handmaid's Tale (series 1 episode 1, *Offred*, 2017, dir. Morano)
			
			Clip duration: 4:26
			
			Start point: 05:19
			
			End Point: 09:46

Specific notes on the sequence – likely areas of coverage

Camera:
    framing low-angle shot
    backlighting – creates mystery / in darkness
    slow zoom into close up on Offred: her discomfort and conflict between formality and friendliness
Sound:
    voiceover
    soundtrack in a minor key – unsettling and conservative
    ominous foley of rain and thunder
Editing:
    secretive world through obstructive framing
    sound bridge – being talked at
    shot / reverse shot
    slow pace building menacing atmosphere
    eyeline-match
    lingering shots and reaction shots
Mise-en-scene:
    costume – stylised so no eye contact can be made – repressive – uniform – like nuns (also suggested through diegetic tolling of bells)
    muted repressed colours – and contrast with Mrs Waterford colours and costume
    dystopian future- armed guard. Use of wartime rationing
Meaning:
Retro-future mise-en-scene – conservative values; defined antiquarian gender roles – 'return to traditional values'; culture of fear; religious overtones through dialogue and mise-en-scene; passive role of women – contrasting to the power of Commander Waterford.
