

Answer **all** questions.

1 From the study by Andrade (doodling):

(a) Outline the instructions that were given only to the 'doodling' group. These were given before they listened to the telephone message.

.....  
.....  
.....  
.....  
.....  
..... [3]

(b) Outline **one** result from this study.

.....  
.....  
.....  
..... [2]

2 From the study by Bandura et al. (aggression):

(a) Outline **one** aim of this study.

.....  
.....  
.....  
..... [2]

(b) One of the response categories was 'imitation of physical aggression'.

Identify **three** examples of 'imitation of physical aggression' from this study.

1 .....

.....

2 .....

.....

3 .....

..... [3]

3 From the study by Canli et al. (brain scans and emotions):

(a) Explain why the study is from the biological approach.

.....  
.....  
.....  
..... [2]

(b) Explain **one** weakness of using brain scans in this study.

.....  
.....  
.....  
..... [2]

4 In the study by Dement and Kleitman (sleep and dreams), the procedure that the researchers first used to measure participants' estimations of REM sleep duration was unsuccessful and had to be revised.

(a) Describe how the researchers first attempted to measure participants' estimations of REM sleep duration.

.....  
.....  
.....  
..... [2]

(b) Describe the revised procedure used to measure participants' estimations of REM sleep duration.

.....  
.....  
.....  
..... [2]

5 From the study by Piliavin et al. (subway Samaritans):

(a) Outline what the model was supposed to do in the 'Adjacent area – late' condition.

.....  
.....  
.....  
..... [2]

(b) Explain **one** methodological strength of this study.

.....  
.....  
.....  
..... [2]

6 Describe the psychology being investigated in the study by Yamamoto et al. (chimpanzee helping).

.....  
.....  
.....  
.....  
.....  
.....  
.....  
..... [4]

7 From the study by Pepperberg (parrot learning):

(a) Identify **two** colours that Alex the parrot could already name *before* this study began.

1 .....

2 ..... [2]

(b) Outline **one** result from the 'Transfer Tests with Novel Objects'. You **must** use data in your answer.

.....  
.....  
.....  
..... [2]

(c) Suggest **one** real life application of this study.

.....  
.....  
.....  
..... [2]
