READ THESE INSTRUCTIONS FIRST

Write your Centre number, candidate number and name on all the work you hand in.
Write in dark blue or black pen.
You may use an HB pencil for any diagrams or graphs.
Do not use staples, paper clips, glue or correction fluid.
DO NOT WRITE IN ANY BARCODES.

Answer all questions.
You may use a calculator.

Where layouts are to be completed, you may not need all the lines for your answer.
The businesses mentioned in this Question Paper are fictitious.

At the end of the examination, fasten all your work securely together.
The number of marks is given in brackets [ ] at the end of each question or part question.
There are 10 parts to Question 1.

For each of the parts (a) to (j) below there are four possible answers, A, B, C and D. Choose the one you consider correct and place a tick (√) in the box to indicate the correct answer.

1 (a) Jim supplies Debbie with goods on credit.

Which business document might Debbie send to Jim?

A credit note
B debit note
C invoice
D statement of account

(b) What would be recorded in the general journal?

A bad debt written off
B cash sale of goods
C credit sale of goods
D returns outwards

(c) Which item is not included as part of the calculation of net realisable value when valuing inventory?

A carriage inwards
B cost of completing the goods
C estimated receipts from sale of the goods
D selling expenses

(d) How does a manufacturing business calculate the production cost of completed goods?

A prime cost + factory overheads + opening work in progress – closing work in progress
B prime cost + factory overheads – opening work in progress + closing work in progress
C prime cost – factory overheads + opening work in progress – closing work in progress
D prime cost – factory overheads – opening work in progress + closing work in progress
(e) Anastasia purchased equipment, $28,000, on 1 January 2016. Her depreciation policy is to use the reducing (diminishing) balance method at the rate of 20% per annum.

What was the net book value of the equipment on 31 December 2017?

A $10,080  
B $11,200  
C $16,800  
D $17,920  

(f) Which is an item of capital expenditure?

A annual redecoration of offices  
B buildings insurance  
C legal fees on purchase of factory  
D repairs to machinery  

(g) Where will interest on drawings be recorded?

A credited to partners’ capital accounts  
B credited to partners’ current accounts  
C debited to partners’ capital accounts  
D debited to partners’ current accounts  

(h) B Limited provided the following details at 30 April 2018.

\[
\begin{align*}
\text{profit for the year ended 30 April 2018} & : 72,500 \\
\text{ordinary share dividends paid} & : 15,000 \\
\text{transfer to general reserve} & : 5,000 \\
\text{retained earnings at 30 April 2018} & : 285,000 
\end{align*}
\]

What were retained earnings at the beginning of the financial year?

A $227,500  
B $232,500  
C $337,500  
D $342,500  

[Turn over]
(i) What does the going concern principle mean?

A. Non-current assets must be shown at expected sales value. 
B. Revenue is recognised when ownership of goods passes to the customer. 
C. The business will continue to operate for the foreseeable future. 
D. The financial statements should always use the same accounting principles. 

[1]

(j) On 31 March 2018 Sasha had trade receivables of $95,000. She wrote off a bad debt, $750, and made a provision for doubtful debts of 2% of trade receivables. What was the figure for net trade receivables in the statement of financial position at 31 March 2018?

A. $92,350 
B. $92,365 
C. $93,115 
D. $94,250 

[1] 

[Total: 10]
Mary keeps a full set of accounting records including books of prime (original) entry.

**REQUIRED**

(a) State two reasons why Mary uses books of prime (original) entry.

1. 

2. 

On 1 November 2017 the balance in Mary’s cash book (bank columns) was $838 overdrawn. Mary banks all cash sales at the end of each week.

Mary had the following transactions during November.

1. Sold goods, $220, for cash
2. Returned goods costing $440, bought on credit from Jane
3. Purchased a motor vehicle on credit, $12,400, including road tax of $300, from Speedy Motors
4. Received a cheque from Tan, a credit customer, in settlement of an invoice for $400 after deduction of 2% cash discount
5. Took goods for own use, $120

**REQUIRED**

(b) Name the book of prime (original) entry where each of the transactions 1, 2 and 3 would be recorded.

1. 

2. 

3. 

(c) Complete the following table to show how each transaction was recorded by Mary. The first one has been completed as an example.

<table>
<thead>
<tr>
<th></th>
<th>Account(s) debited</th>
<th>$</th>
<th>Account(s) credited</th>
<th>$</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Cash</td>
<td>220</td>
<td>Sales</td>
<td>220</td>
</tr>
<tr>
<td>2</td>

...................................................................................................................................................
...................................................................................................................................................
...................................................................................................................................................[2]

[Total: 23]
4 Chandra is a driving instructor. His pupils pay for their lessons in advance.

REQUIRED

(a) Complete the following sentences by selecting the correct word.

The first sentence has been completed as an example. The correct word should be selected as shown in the example.

<table>
<thead>
<tr>
<th></th>
<th>The motor vehicles account has a (debit/credit) balance in a trial balance.</th>
</tr>
</thead>
<tbody>
<tr>
<td>2</td>
<td>A year end accrual is an amount (earned/owing) for an expense incurred in the (current/previous) financial period. It will be included in the statement of financial position as a current (asset/liability).</td>
</tr>
<tr>
<td>3</td>
<td>Accrued income is an amount (earned/owing) by the business which will be received in the (current/next) financial period. It will be included in the statement of financial position as a current (asset/liability).</td>
</tr>
</tbody>
</table>

Chandra started business on 1 February 2017. He charges $20 per lesson. Pupils must pay for 10 lessons in advance.

Total receipts for lessons for the year ended 31 January 2018 amounted to $20 200.

On 31 January 2018, Chandra’s records showed that the following pupils had not received the full set of lessons paid for.

<table>
<thead>
<tr>
<th>Number of lessons given</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Joe</td>
<td>6</td>
</tr>
<tr>
<td>Adam</td>
<td>4</td>
</tr>
<tr>
<td>Billy</td>
<td>8</td>
</tr>
</tbody>
</table>

REQUIRED

(b) Calculate the amount Chandra had received in advance for driving lesson fees at 31 January 2018.
(c) Calculate the amount of driving lesson fee income which Chandra included in his income statement for the year ended 31 January 2018.

...................................................................................................................................................
...................................................................................................................................................
...................................................................................................................................................
...................................................................................................................................................
..............................................................................................................................................[2]

(d) Explain why Chandra’s income earned is not the same as the total receipts for lessons.

...................................................................................................................................................
...................................................................................................................................................
...................................................................................................................................................
..............................................................................................................................................[2]

Chandra calculated a draft profit of $8760 for the year ended 31 January 2018. The following errors were later discovered.

1 Advertising expenses owing at the year-end had been overstated by $100.
2 Interest payable on a 6% bank loan of $10000 had been omitted. The loan was taken on 1 February 2017.
3 Cost of petrol, $89, for Chandra’s personal use had been recorded as a business expense.
4 Motor vehicle repairs, $210, had been recorded as motor insurance.

REQUIRED

(e) Complete the statement to show the corrected profit for the year ended 31 January 2018. If an error has no effect on profit place a tick (✓) in the No Effect column.

Chandra
