You should also consider:

- [15]

4 A government wants to increase the use of renewable energy.

The following actions have been suggested:

- Promoting renewable energy through advertising.
- Building more renewable energy sources.
- Educating communities about climate change.

Which **one** of these actions would you recommend to the government, and why?

In your answer, you should:

- state your recommendation
- give reasons and evidence to support your recommendation
- use the material in the sources and/or any of your own ideas
- consider different arguments and perspectives.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
