Paper 2 Practical Test A

October/November 2020

MARK SCHEME

Maximum Mark: 80

---

**Published**

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the October/November 2020 series for most Cambridge IGCSE™, Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

---

This document consists of **17** printed pages.

**Generic Marking Principles**

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

**GENERIC MARKING PRINCIPLE 1:**

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

**GENERIC MARKING PRINCIPLE 2:**

Marks awarded are always **whole marks** (not half marks, or other fractions).

**GENERIC MARKING PRINCIPLE 3:**

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

**GENERIC MARKING PRINCIPLE 4:**

Rules must be applied consistently, e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

**GENERIC MARKING PRINCIPLE 5:**

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

**GENERIC MARKING PRINCIPLE 6:**

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

Name, centre and candidate number, centre aligned 1 mark

# Tawara MTB Marathon Race

## Event details by: Candidate Name

When it comes to mountain challenges, they do not come much tougher or more rewarding than the Tawara Marathon Race. This legendary 24-hour mountain

Text entered as title, 100% accurate 1 mark  
RW-Title listed in EV3 and applied 1 mark  
(serif, 36pt, centred, bold and italic only, 0pt space before/after)

**Subtitle**  
Name entered; RW-Subtitle listed in EV3 and applied to full line 1 mark  
(sans-serif 20pt, right aligned, underline only, 0 space after)

The village and the ongoing race commentary, there is plenty to keep all entertained. There are trade stands, bike demonstrations, live music, relaxation areas and a children's play area. There are also a host of food and drink stands.

## Event Format

The event follows the traditional MTB marathon format with riders completing as many laps of the 14km course as they can in the time allowed. As long as a lap has been started before the finish time it can be completed. With lots of different categories there is something to appeal to all levels and ability of rider from novice riders through to very experienced

**Subheadings (6)**  
RW-Subhead style matches style defined in EV2, applied consistently to all 1 mark

### **Columns**

Section break in correct position 1 mark  
All text after section break changed to 2 columns, 2cm column spacing 1 mark

An approved bicycle helmet must be worn at all times during practice and competition. Failure to meet this requirement may result in immediate disqualification from the event. At night all riders must have a red rear flashing white front light and a spare white light (this can be a second front head lamp or a small torch). Our lighting partners will be on hand to ensure your light batteries charged throughout the night. Riders are permitted to use mobile phones or 2-way radios on the course, but these must not use earpieces and the rider must stop and pull off the course to use them. Headphones and musical playing devices are not permitted for riders whilst on the course.

## Organisation

The event is made up of three separate races that are entirely off-road and all involve some form of night riding. Competitors can tackle the event as a solo rider, in a pair, or in various team configurations. There are two safety points on the course manned by marshals. All riders are issued with a timing chip to ensure the event is timed with absolute accuracy and reliability.

The 24-hour race runs from midday Saturday through to midday Sunday. One 12-hour race starts at midday Saturday, and the other starts at midnight on Saturday. Competitors must complete their last lap within an hour of the finish time. Please note that any rider returning an hour after the finish time will not be counted.

Automated page numbers, right aligned 1 mark

## Entry Categories

The weekend offers riders the option of competing in a full 24-hour race, or one of two 12-hour races. All races are open to solos riders, pairs and teams of four, five or eight. Entering as a team or pair will make the weekend more sociable and enjoyable. Riding the first 12-hour race means riders are finished by midnight and can then socialise and support the heroic riders who are continuing for the full 24 hours.

The minimum entry age for all competitive races is 18. The age of a rider is calculated on 31 December of the year that the race is held. Riders entering

age categories will be required to produce a photo ID at registration showing their date of birth. A rider can only enter one of the following categories in the race:

Bullets applied to correct text 1 mark  
 Bullets indented 2.5 cm from left margin, single line, 0pt space between 1 mark

<b>Entry Options</b>			
Category	Age	Max Riders	Notes
Solo	18+	1	More experienced riders. Only pit crew and other riders for company. Must be able to perform well without any sleep.
Solo Veteran	40+		
Pairs	18+	2	Relay format, riding shared. Pair decide team tactics and how many laps each rider completes.
Team Open	18+	4	Relay format with men, women and mixed teams. Spreads the load, requires strategy and planning.
Team Veterans	40+	5	Combined age 170+ for 4 riders, 210+ for 5 riders.
Easy Rider	16+	8	Up to 8 riders in relay format. Less demanding for individuals. Suits work groups or clubs.

### Junior Race

One of the highlights of the weekend is the junior race. Categories are split into age groups and based on the age of the child on the day of the event:

- Vipers – under 16
- Bison – under 12
- Camels – under 10
- Coyotes – under 8

The junior race is run as a three stage event featuring a 2.5km Time Trial and a Dirt Crit on the Friday with the final stage being the traditional 12 and 24 minute races on Saturday morning.

Within each category, the rider or team who has completed the most laps is the winner. For riders on the same number of laps, the rider who has completed them in the shortest total race time will receive the higher placing. Prizes are awarded for the top three in all categories.

Every participant is allocated a 3m x 3m pit area which is included in the entry fee. Event entry also entitles entrants and their supporters to up to four nights camping which makes for a great value long weekend.

### The Course

The race course is just over 14km long and features 140m of elevation per
