Paper 1

October/November 2016

1 hour 45 minutes

Candidates answer on the Question Paper.

No Additional Materials are required.

READ THESE INSTRUCTIONS FIRST

Write your Centre number, candidate number and name on all the work you hand in.

Write in dark blue or black pen.

You may use an HB pencil for any diagrams or graphs.

Do not use staples, paper clips, glue or correction fluid.

DO NOT WRITE IN ANY BARCODES.

Section A

Answer **all** questions in this section.

Write your answers in the spaces provided on the Question Paper.

Section B

Answer **all** questions in this section.

Write your answers in the spaces provided on the Question Paper.

Electronic calculators may be used.

You may lose marks if you do not show your working or if you do not use appropriate units.

At the end of the examination, fasten all your work securely together.

The number of marks is given in brackets [] at the end of each question or part question.

This document consists of **12** printed pages.

Section A

Answer **all** the questions in the spaces provided.

- 1 State **one** example of how the skeleton provides protection.
.....
.....[1]

- 2 Give **one** feature of a healthy lifestyle.
.....
.....[1]

- 3 Suggest **one** reason for the growth in leisure activities.
.....
.....[1]

.....[1]

- 6 Explain how television can improve the understanding of how a sport is played.
.....
.....[1]

- 7 State **two** components of health related fitness.
.....
.....[2]

- 8 Suggest **one** cause of a performer becoming winded and **one** treatment that could be applied to aid recovery.
.....
.....
.....
.....[2]

9 Some countries have developed excellence in a particular sport. Explain, using examples, possible reasons for this.

.....
.....
.....
.....
.....
.....
.....[3]

10 Describe **three** ways that the body controls temperature.

.....
.....
.....
.....
.....
.....[3]

11 Describe **two** effects on a performer of each of the following drugs.

tobacco

.....
.....
.....
.....

alcohol

.....
.....
.....
.....[4]

[Total: 20]

(d) Complete the table below, which shows the physical benefits an athlete would hope to gain by taking a banned illegal substance.

Type of drug	Intended benefit
Anabolic steroids	Builds and repairs muscle and helps recovery from training.
Beta blockers	
	Loses weight and flushes out traces of other banned substances.
Narcotic analgesics	

[3]

(e) Name **four** components of skill related fitness and, using a named activity, describe the benefits of each to a performer in that sport.

activity

component 1

.....

component 2

.....

component 3

.....

component 4

.....

[4]

- (f) The table below shows the distribution of muscle fibres in an athlete's muscles and the type of activity they are involved in.

Activity	Slow twitch %	Fast twitch %
Sprinter	24	76
Distance runner	79	21
Shot putter	38	62
Canoeist	71	29

Using examples from each activity, explain how the distribution of muscle fibre in each activity benefits the performer.

sprinter

.....

.....

.....

distance runner

.....

.....

.....

shot putter

.....

.....

.....

canoeist

.....

.....

.....[4]

Unit 2 Health, safety and training

13 (a) Describe the types of exercises that might form part of a plyometric training session.

.....
.....
.....
.....[2]

(b) Describe the benefit of fibre in a balanced diet **and** name a food source that provides fibre.

.....
.....
