### Ted's Tools (TT)

TT is a chain of shops which sell tools such as hammers, screwdrivers, electric drills and saws. The business was started 20 years ago as a partnership between 2 friends, Ted and Mustafa.

TT has 10 shops. There are 2 shops in each main city in country A. The business has grown by reinvesting profits and opening a new shop every 2 years. Each shop employs a shop manager and 5 shop assistants. The shops open 10 hours a day for 6 days a week.

Most of TT's customers are people who are building or repairing their own houses. The tools and equipment TT sells are cheap but low quality. As a result of this, few building firms and construction companies buy from TT. Most building firms only buy high quality tools and equipment that will last a long time.

### Appendix 1

#### Competitor's Advertisement – Ed's Equipment

Tools and equipment for home and business use – we sell or rent!

Tired of buying tools that you only use a few times? Tired of buying tools which break after using them a few times? Then here is the answer.... For all your needs when building or repairing your house come to **Ed's Equipment**.

- Rent the tools you need for half the cost of buying them.
- All high quality tools as used by construction companies.
- Tools are reliable and high quality.
- Trade credit is available to business customers.
- Large range of tools in our big shop.

Visit us at our shop on Main Road, New City, 3210997. Telephone: 377228665.

**Appendix 2**

Closing bank balance	<b>w</b>	1650	1550	1350	1050	<b>z</b>

Figures in brackets are negative.

**Appendix 3**

Daily News

May 2013

The recent bad weather has caused much damage to buildings in all of the main cities in country A. Strong winds are unusual at this time of year.

The Government estimates that the repairs will cost several million dollars. Many construction companies will welcome the increased number of customers, as the economy has been going through a recession and this has affected the building industry. Several new businesses might set up in the industry.
