Paper 1 Theory

October/November 2024

2 hours

You must answer on the question paper.

No additional materials are needed.

INSTRUCTIONS

- Section A: answer **all** questions.
- Section B: answer **all** questions.
- Section C: answer **one** question.
- Use a black or dark blue pen. You may use an HB pencil for any diagrams or graphs.
- Write your name, centre number and candidate number in the boxes at the top of the page.
- Write your answer to each question in the space provided.
- Do **not** use an erasable pen or correction fluid.
- Do **not** write on any bar codes.

INFORMATION

- The total mark for this paper is 100.
- The number of marks for each question or part question is shown in brackets [].

This document has **12** pages. Any blank pages are indicated.

Section A

Answer **all** questions.

You are advised to spend no longer than 45 minutes on Section A.

- 1 (a) Name **two** elements that occur in protein molecules.

1

2

[2]

- (b) Undernutrition is when the body has an insufficient amount of nutrients.

- (i) Name **one** disease that results from an insufficient amount of protein.

..... [1]

- (ii) Name **three** different animal foods that help prevent the disease named in (b)(i).

1

2

3

[3]

- (c) State where in the digestive system the absorption of protein takes place.

..... [1]

- (d) Name the end product of protein digestion.

..... [1]

- (e) Name the term that describes the effect of heat on protein.

..... [1]

[Total: 9]

- 2 Sufficient calcium in the diet helps to prevent diseases such as rickets and osteoporosis.

Other than prevention of disease, state **four** functions of calcium in the body.

1

2

3

4

[4]

3 (a) Name **three** different foods that are a good source of polyunsaturated fats.

1

2

3

[3]

(b) Before fat can be digested, it must be emulsified.

Name the substance that emulsifies fat.

..... [1]

[Total: 4]

4 State **two** functions of vitamin E (tocopherol).

1

2

[2]

5 Garnishing is used for savoury dishes.

(a) State **three** reasons for garnishing savoury food.

1

2

3

[3]

(b) Name **three** different examples of garnishes.

1

2

3

[3]

[Total: 6]

6 (a) Name **one** monosaccharide.

..... [1]

(b) Name **one** disaccharide.

..... [1]

(c) One function of sugar in food products is to help preserve them by preventing bacterial growth.

State **three** other functions of sugar in food products.

1

2

3

[3]

[Total: 5]

7 It is recommended that some people increase the amount of non-starch polysaccharide (NSP) / dietary fibre in their diet.

(a) State **four** different problems that may be associated with a lack of NSP in the diet.

1

2

3

4

[4]

(b) Suggest **six** different ways to increase the intake of NSP in family meals.

1

2

3

4

5

6

[6]

[Total: 10]

Section B

Answer **all** questions.

- 8 The following ingredients can be used to make cupcakes using the creaming method.

50 g self-raising flour
50 g butter
50 g sugar
1 egg

- (a) Name the chemical raising agent found in self-raising flour.

..... [1]

- (b) State **two** mechanical methods that cause the cupcake mixture to rise.

1

2 [2]

- (c) (i) State **one** reason why the flour is 'folded' into the mixture when making the cupcakes.

..... [1]

- (ii) Name **one** piece of equipment that is used to fold the flour into the mixture.

..... [1]

- (d) State **one** reason why cupcakes may **not** be successful when made with a low-fat spread instead of butter.

..... [1]

- (e) Name **two** types of sugar that can be used to make successful cupcakes.

1

2 [2]

(f) If too much sugar is added to the mixture, the baked cupcakes may have crisp edges.

(i) Describe **three** other possible effects on the baked cupcakes if too much sugar is added to the mixture.

1

2

3

[3]

(ii) State **three** other reasons why the baked cupcakes may be too crisp around the edges.

1

2

3

[3]

(g) State **three** functions of the egg in the recipe.

1

2

3

[3]

[Total: 17]

9 State **two** benefits to the consumer of each of the following pieces of information found on a food label.

(a) weight or volume

1

2

[2]

(b) storage instructions

1

2

[2]

[Total: 4]

10 State and explain **six** reasons for cooking food.

- 1
 -
 - 2
 -
 - 3
 -
 - 4
 -
 - 5
 -
 - 6
 -
- [6]

11 Additives are used in many convenience foods.

(a) State **two** advantages to the consumer of using antioxidants in convenience foods.

- 1
 - 2
- [2]

(b) Name **two** other types of additives that may be found in convenience foods.

- 1
 - 2
- [2]

[Total: 4]

12 Soya beans are a type of legume and are high in protein.

(a) State **five** other different nutrients found in soya beans.

- 1
- 2
- 3
- 4
- 5 [5]

(b) Soya beans can be processed to produce Textured Vegetable Protein (TVP).

Name **four** other products that can be made from soya beans.

- 1
- 2
- 3
- 4 [4]

(c) TVP has many nutritional benefits in the diet.

State **five** other benefits of using TVP.

- 1
- 2
- 3
- 4
- 5 [5]

[Total: 14]

Answer **either** Question 13 **or** 14.

[15]
