MARK SCHEME

Maximum Mark: 80

Published

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the October/November 2017 series for most Cambridge IGCSE[®], Cambridge International A and AS Level components and some Cambridge O Level components.

<p>Notes</p> <p>The full mark range will be used as a matter of course. Marks must not be deducted for inaccurate or irrelevant material. Half-marks will not be used.</p> <p>Levels of response criteria are used for questions where a hierarchy of answers is possible. Each answer is to be placed in the level that best reflects its qualities. It is not necessary to work through the levels.</p> <p>In all levels, provisionally award the highest mark and then moderate according to the qualities of the individual answer.</p> <p>The examples given in the mark scheme are indicative only and are not intended to be exhaustive or prescriptive. They are given only as examples of some responses/approaches that may be seen by an examiner.</p> <p>Generic mark scheme for Paper 1</p> <p>(a) Questions</p> <p>Level 0: No response or response does not answer the question [0]</p> <p>Level 1: Makes general statements about the topic that do not address the question [1]</p> <p>Level 2: Makes simple statements that address the question [2–6]</p> <p>Level 3: Makes developed statements that answer the question [7–10]</p> <p>(b) Questions</p> <p>Level 0: No response or response does not answer the question [0]</p> <p>Level 1: Makes general statements about the topic that do not address the question [1]</p> <p>Level 2: Identifies/lists factors/describes [2–4]</p> <p>Level 3: Explains the given factor or other factor [5–6]</p> <p>Level 4: Explains the given factor and other factors [7–9]</p> <p>Level 5: As Level 4 with additional reasoning to fully answer the question [10]</p> <p>This generic mark scheme will be adapted to suit specific wording of individual questions.</p>

He used his position as secretary to put his supporters on the Central Committee of the party. He even told Trotsky the wrong date for Lenin’s funeral, so Trotsky turned up a day late. And so it was Stalin who became party leader in 1924. Trotsky was dismissed, then exiled and murdered in 1940.</p>	10
