Geography

PAPER 2: Human geography

You must have:

Resource Booklet (enclosed), calculator

Total Marks

Instructions

- Use **black** ink or ball-point pen.
- **Fill in the boxes** at the top of this page with your name, centre number and candidate number.
- In Section A, answer **one** question from Questions 1, 2 **and** 3.
- In Section B, answer **one** question from Questions 4, 5 **and** 6.
- In Section C, answer **one** question from Questions 7, 8 **and** 9.
- Answer the questions in the spaces provided
– *there may be more space than you need.*
- Calculators may be used.
- Where asked you must **show all your working out** with **your answer clearly identified** at the **end of your solution**.

Information

- The total mark for this paper is 72.
- The marks for **each** question are shown in brackets
– *use this as a guide as to how much time to spend on each question.*

Advice

- Read each question carefully before you start to answer it.
- Check your answers if you have time at the end.

Q:1/1/1/1/1

Pearson

SECTION A

Answer ONE question from this section.

Some questions must be answered with a cross in a box ☒. If you change your mind about an answer, put a line through the box ☒ and then mark your new answer with a cross ☒.

If you answer Question 1 put a cross in the box ☒ .

1 Economic activity and energy

(a) (i) Identify **one** advantage of using geothermal energy as a source of energy. (1)

- A It uses the power of the sun.
- B It uses the power of the wind.
- C It is a type of non-renewable energy.
- D It is a type of renewable energy.

(ii) Define the term **renewable energy**. (1)

(b) Identify **one** way to make transport more sustainable. (1)

- A increasing the use of powerful petrol engines.
- B increasing air travel routes.
- C increasing the use of electric battery technology.
- D increasing the size of motorways.

DO NOT WRITE IN THIS AREA

DO NOT WRITE IN THIS AREA

DO NOT WRITE IN THIS AREA

(c) (i) Study Figure 1a in the Resource Booklet.

Suggest **one** reason why the activity shown might be considered informal employment.

(2)

.....

.....

.....

.....

(ii) State **one** advantage of informal employment.

(1)

.....

.....

(d) Explain **two** factors that affect global energy demand.

(4)

1

.....

.....

.....

2

.....

.....

.....

(e) Study Figure 1b in the Resource Booklet.

Explain the relationship shown between population growth and food supply.

(3)

.....

.....

.....

.....

.....

.....

(f) Explain **two** factors that affect the location of quaternary sector employment.

(4)

1

.....

.....

.....

.....

.....

2

.....

.....

.....

.....

(g) Study Figure 1c in the Resource Booklet.

Analyse the reasons for the changes in the percentage of people employed in the secondary sector.

If you answer Question 2 put a cross in the box .

2 Rural environments

(a) (i) Identify **one** characteristic associated with a tropical forest. (1)

- A arid conditions
- B low temperature
- C high humidity
- D strong winds

(ii) Define the term **biome**. (1)

(b) Identify the meaning of the term **organic farming**. (1)

- A farming that only produces genetically modified crops.
- B farming that uses chemical fertilisers.
- C farming that does not require irrigation.
- D farming that does not use chemical fertilisers.

(c) Study Figure 2a in the Resource Booklet.
Suggest how this forest ecosystem might provide goods for people. (2)

(d) State **one** advantage of using genetically modified (GM) crops.

(1)

.....

.....

(e) For people living in a developed country, explain **two** strategies used to make rural life more sustainable.

(4)

1

.....

.....

.....

2

.....

.....

.....

(f) Study Figure 2b in the Resource Booklet.

Suggest **one** reason for the trends shown.

If you answer Question 3 put a cross in the box .

3 Urban environments

(a) (i) Identify **one** advantage of building on a brownfield site. (1)

- A** land and buildings need to be cleared first.
- B** reduces loss of countryside.
- C** may need to remove contaminated material.
- D** involves building on the greenbelt.

(ii) State **one** problem associated with rapid urbanisation. (1)

.....

.....

(b) Identify **one** feature often found in the rural-urban fringe. (1)

- A** business park
- B** high street shops
- C** bus station
- D** skyscraper buildings

(c) Study Figure 3a in the Resource Booklet.
Suggest **one** factor that may have affected the decision to locate the factory in this area. (2)

SECTION B

Geographical enquiry

Answer ONE question only from this section.

Some questions must be answered with a cross in a box ☒. If you change your mind about an answer, put a line through the box ☒ and then mark your new answer with a cross ☒.

If you answer Question 4 put a cross in the box ☐ .

4 Investigating economic activity and energy

Study Figures 4a and 4b in the Resource Booklet. These show extracts from a student's data collection and presentation methods.

The aim of the student's investigation was to understand people's attitudes to making their homes more energy efficient in Vancouver, Canada.

The student carried out a questionnaire, took photographs of energy efficiency measures, and used secondary data about energy consumption in homes in Canada.

- (a) Identify **one** question in Figure 4a that would produce qualitative data. (1)

.....

- (b) Identify **one** advantage of the presentation type shown in Figure 4b. (1)

.....

- (c) Explain **one** type of sampling that could have been used in this investigation. (2)

Global issues

Answer ONE question only from this section.

Some questions must be answered with a cross in a box ☒. If you change your mind about an answer, put a line through the box ☒ and then mark your new answer with a cross ☒.

If you answer Question 7 put a cross in the box ☒ .

7 Fragile environments and climate change

(a) (i) Identify the correct word to complete the sentence below.

Greenhouse gases allow ... radiation through the atmosphere to warm the Earth's surface.

(1)

- A nuclear
- B light
- C temperature
- D solar

(ii) Identify the meaning of the term **Milankovitch cycle**.

(1)

- A changes in the shape of the Earth's orbit
- B changes to rainfall patterns
- C changes to the carbon cycle
- D changes in the composition of the atmosphere

(b) State **one** human cause of climate change.

(1)

If you answer Question 8 put a cross in the box .

8 Globalisation and migration

(a) (i) Identify the correct word to complete the sentence below:

The ... was established to promote free trade and fair trade between countries.

(1)

- A International Monetary Fund
- B Oxfam
- C World Bank
- D World Trade Organisation

(ii) Identify **one** advantage of transnational corporations (TNCs) for host countries.

(1)

- A exploitation of workers
- B infrastructure development
- C profits leak out of the country
- D environmental damage

(b) (i) Define the term **commodity chain**.

9 Development and human welfare

(a) (i) Identify the indicator used to calculate the Human Development Index (HDI). (1)

- A** infant mortality rate
- B** access to water
- C** life expectancy
- D** houses with electricity

(ii) Identify the correct word to complete the sentence below:

The ... can be used to measure inequality. (1)

- A** adult literacy rate
- B** Gini-coefficient
- C** rate of natural increase
- D** dependency ratio

(b) (i) Define the term **development gap**. (1)
