Write your name here Surname	C	Other names
Pearson Edexcel International GCSE	Centre Number	Candidate Number
Mathema Paper 1	tics B	
Monday 9 January 2017 – Time: 1 hour 30 minutes	•	Paper Reference 4MB0/01
You must have: Ruler graduat protractor, compasses, pen, H paper may be used.		

Instructions

- Use **black** ink or ball-point pen.
- Fill in the boxes at the top of this page with your name, centre number and candidate number.
- Answer **all** questions.
- Answer the questions in the spaces provided there may be more space than you need.
- Calculators may be used.

Information

- The total mark for this paper is 100.
- The marks for **each** question are shown in brackets – use this as a guide as to how much time to spend on each question.

Advice

- Read each question carefully before you start to answer it.
- Check your answers if you have time at the end.
- Without sufficient working, correct answers may be awarded no marks.

#### Answer ALL TWENTY EIGHT questions.

Write your answers in the spaces provided.

You must write down all the stages in your working.

1 The manager of a mail order company worked out that on each day of 2016, the company sold, on average, one article every 10 minutes of the day.

There were 366 days in 2016.

Calculate the number of articles sold by the company in 2016.

21 320 students sat a test. The incomplete table and the incomplete histogram give information about the times taken (t minutes) by the students to complete the test. No student took less than 20 minutes to complete the test and no student took longer than 65 minutes to complete the test.

Time taken ( <i>t</i> minutes)	Number of students
$20 < t \leq 25$	
$25 < t \leqslant 40$	60
$40 < t \leqslant 50$	60
$50 < t \leq 55$	70
$55 < t \leqslant 65$	

Use this information to complete the table and the histogram.

22 (a) Given that *m* is an integer, express  $2^{101} + 2^{103}$  in the form  $m \times 2^{100}$ 

- (1)
- (b) Without using a calculator, express  $2^{101} + 2^{103}$  in the form  $n \times 4^{48}$  where *n* is an integer. Show all your working.
