

## ECONOMICS STANDARD LEVEL PAPER 1

Tuesday 15 May 2012 (afternoon)

1 hour

## **INSTRUCTIONS TO CANDIDATES**

- Do not turn over this examination paper until instructed to do so.
- Answer one question.
- Use fully labelled diagrams and references to examples where appropriate.
- The maximum mark for this examination paper is [25 marks].

Answer **one** question. Each question is worth [25 marks].

Explain how, in a market system, changes in demand and supply allocate scarce 1. resources through the signalling and incentive functions of price. [10 marks] Evaluate the view that government intervention in agricultural markets will (b) create more problems than it solves. [15 marks] 2. Using AD/AS diagrams, explain how inflation may be caused by demand pull (a) and cost push factors. [10 marks] Evaluate the view that the consequences of deflation are likely to be more harmful (b) to an economy than the consequences of inflation. [15 marks] 3. Explain the factors which might cause a country's balance of payments on (a) current account to deteriorate. [10 marks] (b) Evaluate the view that it is never desirable for countries to resort to protectionism. [15 marks] 4. (a) "The banking system, the education system, health care and a country's infrastructure are four sources of economic development." Explain how three of these factors might contribute to economic development. [10 marks] (b) Evaluate the view that the impact of globalization on the economic growth and development of developing countries has, on balance, been beneficial. [15 marks]
