**Turn over**

*(Question 3 continued)*

(c) Explain **two** socio-economic consequences of soil degradation.

[2+2]

.....

.....

.....

.....

.....

.....

.....

.....

*(This question continues on the following page)*

1220

*(Question 3 continued)*

(d) Explain **one** management strategy that is likely to achieve environmental sustainability. [4]

.....

.....

.....

.....

.....

.....

.....

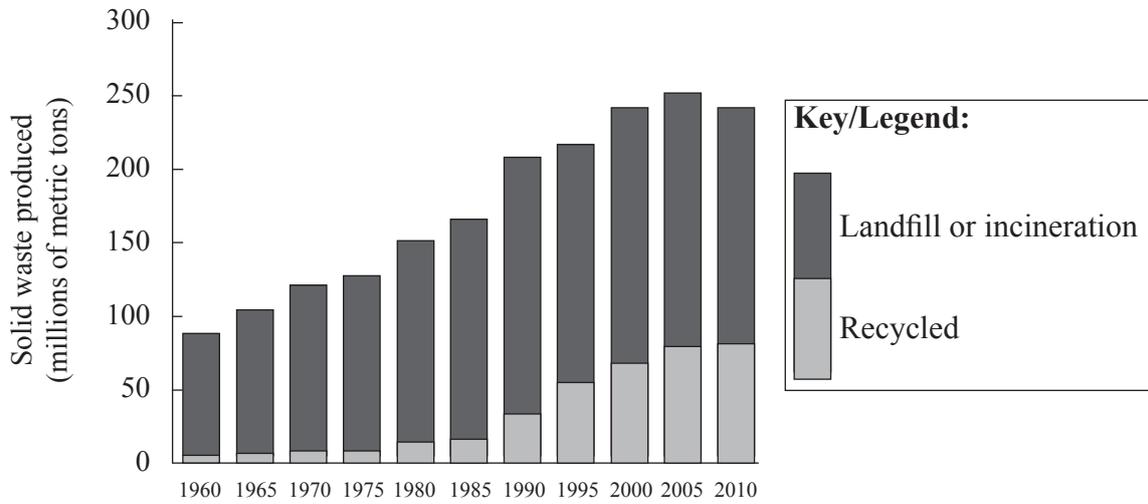

.....

.....

#### 4. Patterns in resource consumption

The graph shows the solid waste produced in one country from 1960 to 2010.

[Source: © International Baccalaureate Organization 2013]

(a) Describe the trends shown by the graph.

[4]

.....

.....

.....

.....

.....

.....

.....

.....

.....

(This question continues on the following page)

*(Question 4 continued)*

(b) (i) State **one** example of resource substitution.

[1]

.....

.....

(ii) Explain **one** benefit of the resource substitution you have chosen in (b)(i).

[2]

.....

.....

.....

.....

*(This question continues on the following page)*

1520

**Turn over**

*(Question 4 continued)*

(c) Referring to examples, distinguish between waste recycling and waste reduction.

[4]
