

A guide to **accessing support materials**
for the new **National Qualifications**

Getting the most out of your subject web pages

SQA continues to publish a wide range of materials for your subject to help you deliver the new National Qualifications. It's easy to visit the web pages most relevant to you - especially the subject pages.

it can
be done  SQA

Navigating your subject pages

Example based on National 5 Biology – the same page structure applies to all Curriculum for Excellence subjects.

Choose your subject

www.sqa.org.uk/cfesubjects

Biology

SQA's Biology qualifications all investigate the applications of biology to society and the environment. The qualifications cover relevant and contemporary areas of biology, enabling learners to develop an understanding of the underlying themes.

Valid from August 2013

- National 3
- National 4
- National 5

Valid from August 2014

Accessing the materials

This is the typical layout of a subject level page, with level-specific information such as links to specimen question papers and/or coursework information. The National 4 pages have information on Added Value Unit assessment.

 - Specimen Question Paper and Marking Instructions
 - Coursework information
 - Unit Assessment Support

1 Updates and announcements

SQA will post updates on your subject here, and regularly share further information with your centre's SQA Co-ordinator.

2 What you need to know

Course Specification: explains the structure of the Course, as well as the skills and knowledge it develops.

Course Assessment Specification: gives you detailed information on how your candidates will be assessed in Courses from National 5 upwards.

Unit Specification: shows what each Unit covers, and lists the Outcomes and Assessment Standards.

3 Advice and guidance

Course and Unit Support Notes are full of practical help, guidance and examples to help you teach and assess the Course and its Units.

4 Assessment support

- Specimen Question Paper and Marking Instructions** – National 5, Higher and Advanced Higher
- Coursework Information** – National 5, Higher and Advanced Higher
- Added Value Unit Assessment** – National 4 only
- Unit Assessment Support** – all levels. These documents contain details of Unit assessment tasks, approaches to gathering evidence and how evidence can be judged against Outcomes and Assessment Standards. You can arrange to access these confidential documents through your SQA Co-ordinator.

5 Related information

Subject related panel to right of home page and subject pages, which contains links to useful information:

- subject specific verification information
- National 3 to National 5 Course Comparison documents
- notification of changes to published documents
